

Trauma Pack Plus

Item #32350

A versatile, rugged bag with customizable options for quick deployment and rapid response

Features:

- Professional design with tapered exterior pockets and UP material covering to protect bottom of the bag and make cleaning easy.
- Full length front and rear pockets provide extra storage without added bulk.
- Main compartment is divided into three areas for dressings and trauma supplies. Top lid has a large zippered pocket and strategically placed elastic tool holders.
- Large pockets on each end can hold a sharps container or other quick access items.
- Includes optional shoulder strap for carrying convenience.
